Works have lead to rapid grow the more than hundred percent last three years accepting all theChallenges even though the world economy melted. Mishrilal Associates is always committed to provide national level professional Services & product.

OUR

Vision

Our vision with firm commitment to be a major partner in the infrastructural growth of the country. Six year back the organization made a humble start and entered into the EPC Turnkey Contractors to be an active contributor to the development of the nation. Little did we realize the Mishrilal Associates would one day curve a permanent niche for itself amongst the leading players in the field of infrastructure development Since its inception, the company is active into major Civil & Electrical construction works form Sub-stations, Other Civil & Electrical Construction to other Infrastructure development works and it has built a strong reputation for reliability combined with economy and efficiency of our works. Great Emphasis to workmanship and timely completion of works is an issue of continuous concern for us. Besides looking into the profitability and growth of the company, we also emphasize in creating greater value for our clients and building confidence and credibility in the industry. Mishrilal Associates is professionally managed and maintains very cordial relationship with its employees.

OUR

Mission

Mission to provide latest technologies with higher quality, safety, civil & Electrical engineering services needed to create a nation of dream.

MESSAGE FROM CHAIRMAN

We have come a long way since the last ten years. The past results are true evidence of our Contribution in the Construction Industry through our dedicated & motivated personnel, state of the art & modern construction equipments/machineries. We have excelled ourselves with a commitment to quality performance & vitally important, the client satisfaction. We are working towards consolidating ourselves on a very strong platform to contribute significantly in the Infrastructure Development Revolution being envisaged in the country

Shri Naresh Chandra Agarwal
(Chairman cum Managing Director)
